THIRD PLACE TEAM!!!

The Men's Intercollegiate Gymnastics Support (MIGS) Program National Meet is one that helps support a very good cause. The MIGS Program's goal is to help men's gymnastics in college - to help those colleges that have men's gymnastics, those that did before and have dropped them to get them back, and to get men's gymnastics at colleges that never did. It helps raise money through T-shirts and meets. Bob Wournos is the Founder and National Rep for the MIGS Program, and one of my volunteer positions is that of being the Region 3 MIGS Rep.

It was cool getting to see the University of Minnesota vs. the University of Illinois-Chicago & University of Iowa in an exciting college meet that also included some clubs in an open team cup competition.

Logan and Evan both improved again in their meet and each is getting closer to their goal. There ended up not being a lot of other Level 10s, but there were 4 teams. We almost left after the individual awards, but a part of me felt that we should stay and see what happens with team. I was glad I did because with only our 2 boys competing we still received 3rd place team out of 4 teams with the top 3 scores counting on each event. Wow! Great Job!!

After the meet we went to the Mall of America that was huge!! It has an entire amusement park inside of it with the roller coasters similar to what you see at Six Flags and Universal Studios. See pics below:
